All you need to create a visual schedule for a child with autism or other developmental challenges. Regular ed and Special ed cards. Use the “print and go” set or the *editable* set.

This is the print and go set (non-editable)

Includes the 3 scheduling boards, the first-then board, the ring option and a variety of pictures to meet the needs of your students.

VISUAL SCHEDULE BOARDS

For 2" x 2" Cards

**Schedule (or reminders) on a ring,
First-Then board,
Visual Schedules (3 Versions)**

VISUAL SCHEDULE RING

For 2 by 2 inch Cards

Schedule or Reminders on a Ring

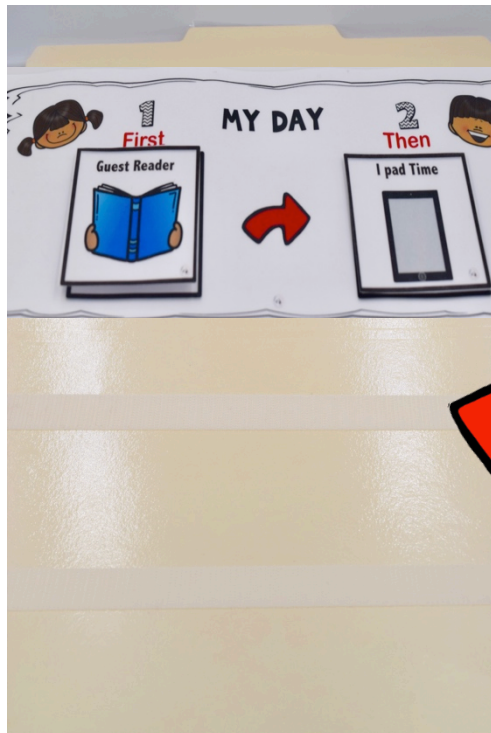

Directions: Laminate and cut out the cards. Hole punch the upper left hand corner of each card. Insert a ring through the holes. I buy my rings at a hardware store. Connect ring to child's pants or belt loop. You could also use a lanyard such as the one pictured above right. The lanyard clip can hold the ring and the child wears the lanyard around their neck. You can put the entire schedule on the ring (number the cards if you wish) or just put visual reminders that you need often during the day on the ring.

FIRST-THEN BOARD

For 2x2 inch Cards

Assembly

1. Laminate and cut out the schedule cards. Adhere soft Velcro to the back of the cards.
2. Laminate a manila file folder. See picture below left. Staple the “My Day” first-then board to the top of the manila folder. Adhere hard Velcro to the bottom of the file folder in strips.

Staple the first-then board to the top of the file folder.

Strips of hard Velcro. Store extra cards on these strips.

Finished Product!

Tip: You can fold the manila file and place a large rubber band around it to transport.

1

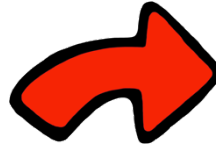

First

A large, empty square box with a thick black border, intended for a child to draw their first activity.

MY DAY

2

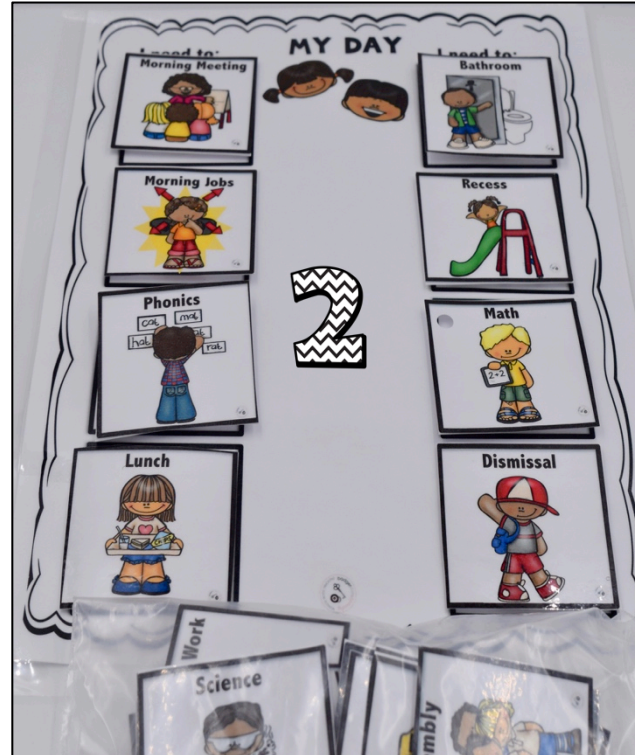

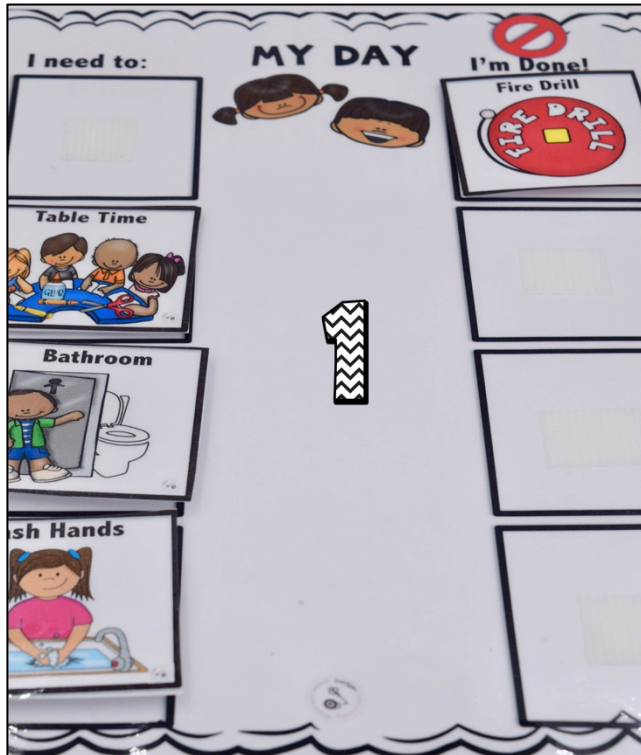

Then

A large, empty square box with a thick black border, intended for a child to draw their second activity.

VISUAL SCHEDULE BOARDS

For 2x2 inch Cards

(3 Versions)

3

The third option looks like number 2 but has **12** spaces for cards.

4 Spaces for cards.

“All Done” column on right
(place cards here when activity is done).

8 spaces for cards

(no ***“all done”*** column).

VISUAL SCHEDULE BOARDS ASSEMBLY

For 2x2 inch Cards

Easy Set-Up:

1. Laminate chosen board. There are three schedule board options. Choose the option that best meets your student's needs.
2. Choose the type of pictures you will use. The print and go (non-editable) or the editable for text in Adobe option. You can also insert your own images and text into the PowerPoint template
3. Laminate and cut out the schedule card pictures.
4. Place soft Velcro on backs of pictures and hard Velcro on schedule board boxes.
5. Storage for "extra" schedule cards: small coin envelopes adhered (I use Velcro) to back of the schedule board. I purchase mine from Office Depot. See image below.
